"If we can't sell beds, we will give them away," declares the chief of police. As the result of this statement seven sleepers were allowed to rest their weary bones on the bare springs in the city hall last night. The chief believes in bringing jail customers by force and compelling them to dig up \$5 for service, but his usual thrifty business has dropped off considerably of late. There is a reason but the chief don't attempt to say what that reason is.

MOTHER! THE CHILD
IS COSTIVE, BILIOUS

Don't Hesitate! A Laxative Is Necessary If Tongue Is Coated, Breath Bad or Stomach Sour.

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that it's little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company." Don't be fooled!

Work for the
Unemployed

I have a few 5 and 10-acre tracts of choice land that I will sell for \$60 to \$75 per acre, and will give a job of wood cutting or of clearing land for the first payment, and will ask no further payment for five years, except interest. It is worth \$20 to \$40 an acre to clear this land. You can make it worth several hundred dollars per acre within five years. There are two sawmills near the land, and work is as plentiful in that community as it is around Salem. There is a town and good school within one mile of the land. It is a good thickly settled community. Why not move upon the land, put up a small house and improve the land during these quiet times, and stop the rent bills that you are now paying? I will furnish the lumber to reliable parties. A goodly number of people in Salem have availed themselves of this opportunity. Get busy before it is too late to get some of this choice land for a country home. See
